Mr. Harry S. Reichenstein, City Clerk
City Hall
Newark, New Jersey

Dear Mr. Reichenstein:

At the last regular meeting of the Mayor's Commission on Group Relations, September 28th, the Commission was unanimous in its desire to thank the City Clerk and City Council for the attention you are giving the new citizens of Newark by producing a pamphlet designed to help them adjust to urban living.

May we, at this early date, request at least 1000 copies of this pamphlet for distribution and use by our Commission members and Staff?

Personally I am very anxious to see a copy just as soon as it is off the press, so please let me have one as soon as it is available.

Cordially,

Daniel S. Anthony,
Executive Director
